

# Behavioral Health Research and Training Solutions for Correctional Facilities

## Resources from the American Psychological Association (APA) through EBSCO for Instruction and Reference

Covering a wide range of topics pertinent to correctional facilities, APA publishes a suite of databases that provides counselors and health care staff with indexing, rich full text and video content.

---

**APA Databases offer relevant content for correctional facilities that is professionally indexed for efficient searching.**

---

# Streaming Demonstration Videos

APA PsycTherapy® covers 580 videos of authentic therapy sessions showing various treatment approaches and common obstacles faced during therapy sessions. It is a dynamic tool for instructors, practitioners, and therapists-in-training and includes helpful tools that allow users to create playlists and share video clips, expertly tagged metadata, synchronized transcripts and the “APA PsycTherapy Teaching Guide”.

# Exclusive Full-Text Catalog of the Research Published by APA and Affiliated Journals

APA PsycArticles® is the database of full-text peer-reviewed articles published by APA and affiliated journals. With 220,000 full-text articles from nearly 120 journals, each employing a meticulous peer-review process, APA's share of citations in the JCR Psychology Category reflects its editorial excellence.

# Thousands of Research Instruments and Their Psychometric Properties

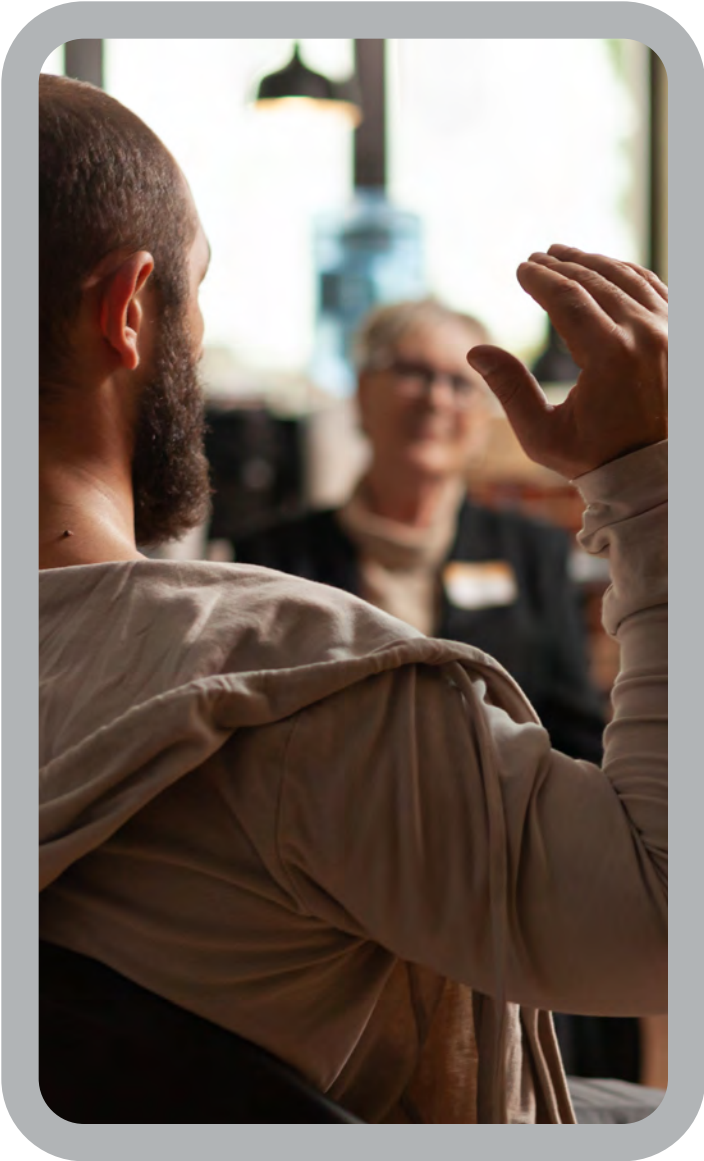

APA PsycTests® is an authoritative source of structured information about tests of interest to the behavioral health community. Access 67,000 actual test instruments, most of which are available for immediate download and use in training and research.

# The APA's Library of DRM-Free, Full-Text E-books

APA PsycBooks® offers the most current and only comprehensive collection of full-text scholarly and professional books published by APA. APA PsycBooks gives your staff access to high-quality, DRM-free publications in psychology and related fields.

# Unparalleled Index of Peer-Reviewed Literature

Your staff can survey the literature with the world's largest resource devoted to peer-reviewed literature in behavioral science and mental health. APA PsycInfo® is the renowned tool for the discovery of global scholarly research with indexing of more than 2,200 peer-reviewed journals.

# All Content Indexed Using the APA Thesaurus of Psychological Index Terms

In addition to subject terms for behavioral health topics such as Major Depression, Bipolar Disorder Treatment and Cognitive Behavior Therapy, users can search all content in the APA Databases with subjects such as:

At Risk Populations

Correctional Facilities

Corrections Officers

Criminal Justice and Behavior

Criminal Rehabilitation

Discharge Planning

Electronic Health Records

Forensic Psychology

HIV Testing

Incarceration

Intervention

Juvenile Justice

Mental Health Programs

Mental Health Services

Mentally Ill Offenders

Occupational Stress

Prisoners

Professional Standards

Quality of Care

Risk Assessment

Risk Factors

Sex Offences

Suicide Prevention

Treatment Barriers

Treatment Effectiveness Evaluation

And many more...

# Specialized Limiters for Precise Searches

APA Databases through EBSCOhost can be filtered by Age, Gender, Methodology, Tests & Measures, Population, Language and more.

The screenshot displays the EBSCOhost search interface. At the top, there is a navigation bar with links for 'New Search', 'APA Thesaurus of Psychological Index Terms', 'Cited References', 'Citation Matcher', 'Indexes', and 'More'. On the right side of the navigation bar, there are links for 'Sign In', 'Folder', 'Preferences', 'Languages', and 'Help'. The main search area includes a search bar with the text 'Searching: APA PsycInfo' and a 'Choose Databases' link. Below the search bar, there are three rows for adding search terms, each with a 'Select a Field (optional)' dropdown and a 'Search' button. The 'Search Options' section is divided into two columns. The left column contains filters for 'Published Date', 'Publication Status', 'English', 'Age Groups', 'Intended Audience', and 'Book Type'. The right column contains filters for 'Publisher', 'Tests & Measures', 'Publication Type', 'Language', 'Population Group', 'Document Type', and 'Methodology'. A 'Reset' button is located in the top right corner of the search options section.

# Links to Your Facility's Full-Text Content

Results in APA Databases through EBSCOhost link to full-text materials your facility subscribes to through EBSCO.

The screenshot displays the EBSCOhost search interface. At the top, there is a navigation bar with links for 'New Search', 'APA Thesaurus of Psychological Index Terms', 'Cited References', 'Citation Matcher', 'Indexes', and 'More'. On the right side of the navigation bar, there are links for 'Sign In', 'Folder', 'Preferences', 'Languages', and 'Help'. The main search area includes a search bar with the text 'Searching: APA PsycInfo' and a 'Choose Databases' link. Below the search bar, there are three input fields for search terms, each with a 'Select a Field (optional)' dropdown and a 'Search' button. There are also 'AND' operators and a 'Clear' button. Below the search area, there are links for 'Basic Search', 'Advanced Search', and 'Search History'. The 'Search Options' section is visible, containing several filters and expanders. The 'Search Modes and Expanders' section includes 'Search modes' with options like 'Boolean/Phrase', 'Find all my search terms', 'Find any of my search terms', and 'SmartText Searching'. The 'Apply related words' section has checkboxes for 'Apply related words', 'Also search within the full text of the articles', and 'Apply equivalent subjects'. The 'Limit your results' section has a 'Linked Full Text' checkbox highlighted with a red box, along with 'References Available', 'Impact Statement Available', 'Source', and 'Published Date' filters. The 'Scholarly (Peer Reviewed) Journals', 'Open Access', and 'Supplemental Materials' sections also have various filters and options.

# Ability to Create Alerts, Organize, Save and Share Results

Using features in EBSCOhost, your staff can set up alerts to stay abreast of important topics; create folders to organize results about specific subjects; and print, email or save results.

The screenshot displays the EBSCOhost search interface. At the top, a navigation bar includes links for 'New Search', 'APA Thesaurus of Psychological Index Terms', 'Cited References', 'Citation Matcher', 'Indexes', and 'More'. On the right side of this bar, a pink box highlights the 'Sign In', 'Folder', 'Preferences', 'Languages', and 'Help' options. The main search area features a search bar with a 'Suggest Subject Terms' checkbox, a 'Select a Field (optional)' dropdown, and a green 'Search' button. Below the search bar are three rows for advanced search, each with an 'AND' operator dropdown, a 'Select a Field (optional)' dropdown, and a 'Clear' button. The 'Search Options' section is divided into several panels: 'Search Modes and Expanders' with radio buttons for 'Boolean/Phrase', 'Find all my search terms', 'Find any of my search terms', and 'SmartText Searching'; 'Apply related words' with a checkbox; 'Also search within the full text of the articles' with a checkbox; 'Apply equivalent subjects' with a checked checkbox; 'Limit your results' with checkboxes for 'Linked Full Text', 'References Available', and 'Impact Statement Available'; 'Source' with a text input field; 'Published Date' with dropdowns for 'Start month', 'Start year', 'End month', and 'End year'; 'Scholarly (Peer Reviewed) Journals' with a checkbox; 'Open Access' with a checkbox; 'Supplemental Materials' with a list box containing 'All', '3-D Modeling Images', 'Appendixes', and 'Audio'; 'Publication Year' with 'Start year' and 'End year' input fields; 'Publisher' with a text input field; and 'Tests & Measures' with a text input field. A 'Reset' button is located in the top right corner of the 'Search Options' section.

The American Psychological Association has been advocating for prison reforms that aim to reduce high recidivism rates, including humane and effective programming for seriously mentally ill offenders. For more information, see <https://www.apa.org/advocacy/criminal-justice>
