DynaMed and Micromedex with Watson

Combining top evidence-based drug and disease information in a single solution to support your clinical decision-making needs at the point of care.

Why DynaMed and Micromedex with Watson?

DynaMed and Micromedex with Watson seamlessly combines the clinical expertise and extensive, curated disease content of DynaMed®, with the depth and breadth of drug information and AI search capabilities of IBM Micromedex®. This solution can help provide users with evidence-based insights for optimal clinical decision making, which can lead to improved patient outcomes. Our content is curated under rigorous evidence-based editorial principles and offers users an optimal blend of clinical evidence and guidance from accredited experts.
