

In partnership with EBSCO eBooks, Sage presents:

Very Short, Fairly Interesting and Reasonably Cheap series eBook collection

An antidote to conventional textbooks...

Each book in the **Very Short, Fairly Interesting & Reasonably Cheap** series takes a core area of the curriculum and turns it on its head by providing a critical, sophisticated overview of the key issues in an informal, conversational, and often humorous way. Content is hosted on the **EBSCO eBooks** platform.

Why should you read the Very Short, Fairly Interesting and Reasonably Cheap eBook collection?

- You are bored with heavy textbooks
- You want a portable easy-to-read reference book that introduces you to a popular area of study
- You want to show your lecturer that you've done some extra reading, but you want something a little more stimulating than the usual "recommended reading" list
- You want a quick update on current events, research, and practices
- You are curious about new ways of thinking, and you want to broaden your horizons

Why you shouldn't read the Very Short, Fairly Interesting and Reasonably Cheap eBook collection?

- You want a textbook
- You don't want to have some of your ideas challenged
- You want heroic stories about great leaders, fantastic companies, and how all is right with the world

Contact **EBSCO** to request a title list and price.

Access is based on a one year annual lease subscription, with unlimited concurrent user access.
