

Education Source

The Best Source of Research for Education Students

Unparalleled Coverage

- More than 720 active full-text, non-open access journals
- More than 580 active full-text, peer-reviewed, non-open access journals
- More than 2,000 active indexed and abstracted journals
- More than 4,100 full-text education-related conference papers

Video Collection

Education Source includes more than 390 videos from SimpleK12 to provide practical online teacher training for the evolving landscape of education. Topics include remote learning, best practices in online pedagogy, e-learning software reviews, activities and examinations for remote students and more.

A Valuable Full-Text Companion

With Education Source, ERIC® users can link to a vast collection of full-text articles using SmartLinks technology. It also offers more than 450 active full-text, non-open access journals not available in any version of Academic Search.
