

10 Reasons to Listen to Audiobooks!

1

Learn a Foreign Language

Audiobooks help to develop fluency and correct pronunciation of English, dialects, and non-English words.

2

Enjoy Work Commuting or Road Trips

Audiobooks are an enjoyable way to pass the time when you are in the car.

3

Listen Without a Visual Aid

Audiobooks force listeners to use their imagination while also allowing visually impaired people to enjoy books!

4

Develop a Positive Attitude About Reading

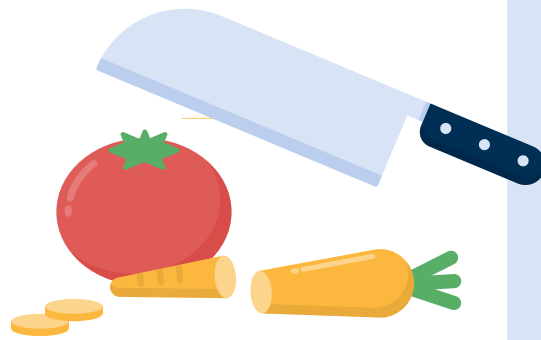

Listening to audiobooks helps learners of all levels improve active listening and critical thinking skills.

5

Find Famous Reading Role Models

Audiobook narrators include famous actors such as Kate Winslet, Jake Gyllenhaal and Bryan Cranston!

6

Discover New Interests

There are audiobooks on every activity including cooking, crafting, exercise, traveling, and more.

7

Motivate Auditory Learners

Research suggest that 27% of the K12 population are auditory learners*.

8

Pair with Print Resources

Combining print and audio can increase recall 40% over print alone*. Read-a-long collections for kids are a great example.

9

Learn New Vocabulary

Both advanced and reluctant readers can benefit from new words introduced by audiobooks.

10

Be Productive While Listening

Listening to an audiobook leaves your hands free for creativity, chores, and exercising while enjoying a great story.
