

## Finding Books that have Diverse Characters

### Search character appeal

Character appeal terms are a great way to search for books where the personalities and characteristics of the individuals are really the focus of the story. See a [full list](#) in NovelList, but a few examples of character appeal terms include:

- Ability diverse
- Culturally diverse
- LGBTQIA diverse
- Own voices
- Religiously diverse

#### TRY IT

At the **Advanced Search**, enter **culturally diverse** (or another diverse term) in the search box

Select **AP Appeal Factors** from the drop-down

Click **Search**

Use the limiters on the left to narrow the results to the right audience level or to a genre

### Real-world examples

African American characters in Historical fiction:  
**SU African American AND GN historical fiction**

Books about characters with disabilities and friendship:  
**AP ability diverse AND SU friendship**

Character-driven books about a multiracial teenager:  
**AP character-driven AND SU multiracial teenage**

### Search subjects or genres

While appeal terms describe the overall sense of characters in the story, subject and [genre](#) headings instead get at the who, what, when, and where. And [themes](#) help you dial in on recurring plot elements.

#### EXAMPLES

Subject examples: African Americans, autism, interfaith families, interethnic relations

Genre examples: LGBTQIA fiction, multicultural romances

Themes examples: dealing with illness; engendering gender; living with invisible disability; living with visible disability; all kinds of families

Search subjects (SU), genres (GN), and themes (TH) using [field codes](#), for example **GN LGBTQIA fiction**.

### Author gender identity

Use our Advanced Search page to show results based on author gender identity. Search by male, female, nonbinary, or transgender.

To search for multiple categories, use the search bar and use AND. For example, to search for books written by female transgender authors, search **AG female AND AG transgender**.

At this time, not all authors in NovelList are cataloged with gender identity information. These authors may not be included in the search results.

### Search for #OwnVoices

To find works where the main character and the author share a marginalized identity, use the **own voices** appeal term. The term started as a hashtag created by YA author and disability activist Corinne Duyvis in September 2015. Enter **AP own voices** in the search bar and then set limiters to narrow down the results.

You can also type **own voices** in the search bar, and then click on the Lists & Articles tab to find our recommended lists for a variety of age groups and genres.
