

Give your nurses instant access to the information they need anywhere they go

Nursing Reference Center™ Plus is the premier source for evidence-based information. Designed by nurses for nurses, it aids users in providing the highest quality patient care possible. The *Nursing Reference Center Plus* mobile app is complimentary with an institutional subscription, giving nurses access to all of the content on their iPhones, iPads or Android devices.

The *Nursing Reference Center Plus* app provides:

- Information about diseases and conditions
- Evidence-based care sheets
- Content on nursing best practices and skills
- Robust drug information
- Videos and images to aid in patient care

Features that meet nurses' needs:

- A sleek and easy-to-use interface
- Access to *Nursing Reference Center Plus* content offline
- Bookmarking favorite topics and searches
- Viewing recent search history
- Ability to save notes on your favorite topics
- Print and email content right from your device
- Fast download
- Viewing help information on the app
