This database provides comprehensive abstracts of psychological literature, audiovisual media, intervention programs and tests from German-speaking countries.

**PSYNDEX: Literature and Audiovisual Media with PSYNDEX Tests**

This resource is searchable in German and English and combines two database segments:

- **PSYNDEX Literature and Audiovisual Media** includes records of psychological publications from authors in German-speaking countries, audiovisual media and descriptions of intervention programs.
  - 270,000+ literature records back to 1977
  - 2,000+ descriptions of audiovisual media
  - All records have English title translations, descriptors, classification categories and key concepts

- **PSYNDEX Tests** includes extensive descriptions of tests in use in German-speaking countries.
  - 6,000+ test records back to 1945
  - Subject coverage for PSYNDEX includes psychology, medicine, education, sociology, sport, linguistics, business management and criminology relevant for psychology
