- School Curriculum Support
- Access to Library Resources
- School Library Collection
- Early Literacy Initiatives
- Support for English Language Learners
- Title 1 Program Support
- College and Career Readiness
- Professional Development
Your school library has an important job. To support the curriculum, you select materials and technology with an eye to the classroom and research, as well as materials that develop the digital and informational literacy skills students need for success throughout their lives.

**EBSCO Solutions: Unique, Reliable Full-Text Resources**

**Our databases** support teaching and learning across subject areas with reference books, magazines, newspapers, primary source documents, images, videos and more.

- **Academic Search™**
- **Advanced Placement Source™**
- **Biography Reference Center™**
- **Complete Online Package™**
- **History Reference Center®**
- **Literary Reference Center™ Plus**
- **EBSCO eBooks™** support the digital needs of students and faculty by offering anytime access to curated collections of e-books built by EBSCO collection development experts. Select from a variety of e-book collection types including money-saving subscriptions, timely subject sets and perpetual featured collections.

**Lesson plans** integrating EBSCO content are available for free download.

**Flipster®** provides digital access to hundreds of relevant magazines to support K-12 teaching and learning. Magazines include award-winning children's titles from Cricket Media with supplemental teacher guides as well as these popular publications:

- Brainspace
- Discover
- Entertainment Weekly
- National Review
- New Republic
- Newsweek
- People
- Rolling Stone
- Science News
- Scientific American
- Sports Illustrated
- The Nation
- TIME

**Lesson plans** integrating EBSCO content are available for free download.
The world of knowledge is vast. Removing barriers to access and simplifying the discovery of reliable digital resources leads to happier, less frustrated students.

**EBSCO Solutions: Intuitive Interfaces and Seamless Authentication**

EBSCO's easy-to-use research interfaces streamline access to school learning resources and include productivity tools to help students organize their research (Google Classroom), cite their sources (direct export to NoodleTools) and more. An updated EBSCO mobile app is also available.

*Explora™*, EBSCO's default interface for schools, allows students to browse topics by category and includes topic overviews to help them start their research.

**EBSCOed by Stacks** empowers schools and school systems of any scale to aggregate and streamline access to all their digital resources — including Google products and learning management systems — in a single web experience for students, teachers and parents.

**EBSCO Discovery Service™ (EDS)** is a powerful, customizable research tool that allows users to search across your collection — including the library catalog — using a single search box. The new EDS user experience helps students find articles and books more easily while also enhancing their information literacy skills. Introducing EDS to students in high school prepares them for the kind of library research tools they will encounter in colleges and universities around the world.

**Google Authentication** enables users to sign in to EBSCO resources and create personal accounts using their Google login credentials.

**OpenAthens** is an advanced authentication management system that eliminates the need for multiple logins. Students and faculty need only log in one time — from anywhere — to access all learning resources, tools and assessment platforms.
Your time — like your collection — is valuable. Maximize both with tools that streamline your workflow, from selection to recommending books to weeding.

**EBSCO Solutions: Tools for Collection Development and Readers’ Advisory**

Our expert librarians have curated top fiction and nonfiction to help you build and circulate a school library collection that supports student learning, classroom instruction and extra-curricular interests.

**Core Collections**™ databases offer impartial, authoritative guidance for building and maintaining a well-rounded collection of the most highly recommended reference books, nonfiction, fiction and graphic novels. Using **Core Collections** will assist you in selecting appropriate and relevant learning materials for your library and school classrooms.

**EBSCOhost® Collection Manager (ECM)** is an easy-to-use tool for building and managing your **EBSCO eBooks™** and Audiobook collections, as well as your **Flipster®** magazine subscriptions.

**EBSCONET® Subscription Management** helps librarians organize and streamline all subscription-related tasks. It provides pricing, access options and more for thousands of the latest and most popular age-appropriate periodicals.

**Collection Analysis Services** are available free of charge. **Contact your EBSCO sales representative** for details.
Libraries are often a first stop for parents and teachers developing a child’s curiosity and love of reading. Your strong library collection can support early literacy instruction and help children develop the reading, writing and speaking skills they’ll need on the path to success in school.

**Early Literacy Initiatives**

**EBSCO Solutions:** Resources to Help You Build and Maximize Your Children’s Collection

*NoveList® K-8 Plus* can help you pinpoint books that students will want to read at just the right reading level, helping students become lifelong readers. Our lists of recommended reads and articles providing readers’ advisory to all ages give everyone involved in education — librarians, teachers and parents — the tools to engage young readers.

*Children’s Core Collection™* is an affordable reference tool for building and weeding your library’s children’s collection. Containing more than 48,000 recommended titles, this database makes it easy for you to create a thriving collection for your library’s youngest readers.

*Flipster®* digital magazines from Cricket Media offer colorful illustrations that draw beginning readers into enchanting stories written just for their level. Each standards-aligned resource is downloadable and includes multidisciplinary topics, activities and a digital Teacher Guide. An app for Android devices is also available.

**EBSCO eBooks™** *Cricket Media Subscription Collection* builds strong literacy skills in preK-8 students by offering digital access to award-winning fiction and nonfiction titles.
Students learning languages is growing. Meet their specialized needs and keep them excited about learning languages.

**EBSCO Solutions: Targeted Resources that Develop English-Language Proficiency**

*Flipster®* offers bilingual, Spanish- and French-language digital magazines including *People en Español*, *France-Amérique*, *Les Explorateurs* and *Vocabulary*. Cricket Media titles — such as *Ask*, *Cobblestone*, *Cricket*, *Faces* and *Muse* — are written for younger readers and can help ELLs of all grade levels improve their English-language proficiency.

*Read It!™* supports the learning and research needs of middle and high school students who have a foundation in English but need adapted reading material. More than 1,300 Lexile-leveled articles cover topics aligned to school curricula, offer modified vocabulary and sentence structure, and include post-reading quizzes and answers to reinforce comprehension.
Some students need targeted assistance and more hands-on intervention to succeed as learners. School libraries are perfectly positioned to provide resources that develop both reading and digital literacy skills.

**EBSCO Solutions: Accessible Content on Curriculum-Related Topics**

*Flipster®* digital magazines from Cricket Media improve the opportunity for all students to learn through high-quality, age-appropriate content. Available for a variety of Lexile® reading levels, Cricket Media digital magazines (and accompanying Teacher Guides) offer multidisciplinary activities to inspire curiosity, creativity and confidence.

Accessibility is a key consideration in all our product development strategies. Learn about **EBSCO’s Commitment to Accessibility**.

*LearningExpress Library®* offers a targeted learning center for students in grades 4-12 to improve core skills in English language arts, social studies, math, science and technology. Standards-aligned practice sets, tutorials, e-books and articles are designed to give students the extra support they need to succeed in school.

*Read It!™* supports the learning and research needs of middle and high school students who have a foundation in English but need adapted reading material. More than 1,300 Lexile-leveled articles cover topics aligned to school curricula, offer modified vocabulary and sentence structure, and include post-reading quizzes and answers to reinforce comprehension.
School libraries prepare students for life after high school. Equip your library with resources to help them achieve personal and professional success, whether they choose the military, a two- or four-year college, or a technical/vocational program.

**EBSCO Solutions: Online Resources to Support Skills Development**

*LearningExpress PrepSTEP® for High Schools* includes tools for academic skill-building, college and career preparation, test preparation for SAT®, ACT® and AP® exams, military entrance preparation, workplace skills development and more.

*LearningExpress Job & Career Accelerator™* is a powerful online resource for job searching and career exploration. It includes more than 1,100 occupations, 200 sample resumes, 25 cover letters and millions of up-to-date job and internship postings, as well as tips and guidance on preparing for and getting a job.

*LearningExpress Computer Skills* includes more than 90 self-directed video tutorials covering the basics of computers, Windows and Mac operating systems and searching the internet. The resource also includes beginner-to-advanced tutorials for some of the most commonly used software applications from Microsoft and Adobe.

*Prenda Code Club* is a self-paced learn-to-code software program for kids ages 8-18. Through hundreds of coding tutorials and dozens of real-world projects, this high-impact educational e-resource prepares students for jobs and develops meaningful life skills such as critical thinking and problem solving.

ACT® is a registered trademark of ACT, Inc., SAT® is a registered trademark of the College Board, neither was involved in the production of, and do not endorse, this product.
With everything on your calendar, desk and shelves, professional tools you can access on your schedule will keep you, your library and your faculty ahead of the curve.

**EBSCO Solutions: Dedicated Information Resources for Educators**

*Education Source™* includes scholarly research and professional development resources relating to all areas of education such as curriculum and instruction, administration, policy, funding and related social issues. Publications include *American Journal of Education, Education Today, Educational Leadership, Teacher Librarian* and more.

*ERIC® (Education Resources Information Center)* is an authoritative database of indexed and full-text educational literature. Educators can access more than 1.6 million records, hundreds of thousands of full-text documents and an education-specific thesaurus.

*Flipster®* digital magazines keep you up-to-date on the latest topics and trends in education and libraries. Available magazines include *School Library Journal, Horn Book Magazine, Computers in Libraries* and more.

*Library & Information Science Source™* offers journals and periodicals that help librarians and researchers keep pace with the latest trends in a rapidly evolving field.

*Professional Development Collection™* is a highly specialized database of full-text electronic information especially for educators, professional librarians and education researchers.

*Staff Package* includes nine databases to support the information needs of school nurses, speech and language specialists, technical staff, teachers/administrators, school librarians, theater departments, psychologists and counselors, social services staff, and physical educators/athletic departments.
Preparing K-12 students for academic success doesn’t have to be puzzling.
