Meet the specialized needs of English-language learners (ELL) and young readers to keep them excited about learning.

**EBSCO Solutions: Targeted Resources for English-Language Proficiency and Early Literacy**

*Read It!™* supports the learning and research needs of those who have a foundation in English but need adapted reading material. More than 1,300 Lexile-leveled articles cover a variety of topics, offer modified vocabulary and sentence structure, and include post-reading quizzes and answers to reinforce comprehension.

*Rosetta Stone® Library Solution* meets the growing need for libraries to help language learners engage with confidence in multilingual settings. As multicultural communities expand, interest in language learning increases. Language programs promote inclusive participation and strengthen community connections.

*Flipster®* offers bilingual, Spanish- and French-language magazines such as *People en Español, France-Amérique,* and *Vocable.* Titles such as *Ask, Cobblestone, Cricket, Faces* and *Muse* — are written for younger readers and can help ELLs of all grade levels improve their English-language proficiency.

*NoveList® K-8 Plus* can help you pinpoint books that students will want to read at just the right reading level, helping them become lifelong readers.
Efficient technology solutions ensure that your library’s valuable materials are easy to find, whether members are in the library or remote.

**EBSCO Solutions: Intuitive Search Interfaces and Seamless Access**

**EBSCO Discovery Service™ (EDS)** is a powerful, customizable research tool that allows users to search across your collection — including the library catalog — using a single search box. Flexible customization options allow you to personalize the EDS interface with your library’s colors and logo to help users recognize it as part of the library’s resources. The EBSCO Mobile app expands the reach of the library by making research quickly available via an easy-to-use interface to users wherever they might be, and is free and available to all EDS users.

**Linked Library Service** enables your collections to become visible (and discoverable) on the web. You’ll be able to reach both users and non-users who are searching for things you already have in your collection.

**OpenAthens** offers easy online access to all the materials in your library collection. Go beyond IP authentication and support a personalized research experience through single sign-on (SSO). OpenAthens is secure and simple to set up, customize and manage.

**Stacks** is a turnkey, responsive web content platform that enables libraries to change the look and feel of their websites instantly. With customizable themes, configurable drag-and-drop layouts, social media integrations, granular user roles and multi-language support for more than 60 languages, libraries are now able to create and maintain online content with ease.

**NoveList® Select** helps your readers discover great books by enriching your catalog with recommendations, series information and more. Using NoveList Select means your readers get the extensive NoveList information you trust where they need it most — in the library catalog.

Privacy, security and accessibility are key considerations in all our product development strategies. [Learn more](#) about EBSCO’s commitment to these areas.
